The Store of IndiaTM

The Store of India was born out love and passion for its deep-rooted Culture and handicrafts. It was founded with a mission to provide people with meaning full handcrafted products that not only feels good but also does good. We provide pure copper products that helps people to make more sustainable choices for everyday life. Our objects are made to last, and can be recycled in ways and materials that are gentle to mother earth. We create beautiful products by collaborating with the skillsful artisans from western Maharashtra hence empowering and making positive impact to their life's.
